

COVID-19 Commitment to Health and Safety

These protocols and practices are enforced in order to reduce the spread of communicable diseases in our school

- Implement a COVID-19 Health & Safety Reopening Plan grounded in health department guidelines
- Modifications to daily operations per Public Health Department and Community Care Licensing guidelines and collaboration
- Prevent the co-mingling of staff and students by maintaining consistent cohorts
- Frequent cleaning and sanitation of classroom surfaces and materials
- Sanitation of shared campus areas (such as the playground) between cohort use
- Designated COVID-19 liaison
- Support COVID-19 testing and contact tracing where necessary
- Train all employees and students on health protocols
- Enforce guidelines for quarantine
- Promptly communicate with key constituencies
- Enforce health and wellness practices throughout our school community (frequent and routine hand washing, face coverings, shoe sanitation, CPR/first aid training, etc.)
- Daily health and temperature checks of staff and students
- Social distancing practices, including limitations on items shared in the classroom
- Updated wellness policy
- Limited classroom capacity
- Limitations on school visitors and adults entering the building
- Personal items limited to essentials which are allowed in the classroom
- Maintain a watchful eye for student social-emotional wellbeing and counseling needs
- Sanitation of all materials brought into the classroom
- Limiting visitor
